

NYC DISTRICT ARES

Amateur Radio Emergency Service

On the move ...

EMERGENCY PROTOCOL

In the event of an Emergency or an Activation

- ARES members should be instructed to monitor their respective local repeaters for details and/or further information.
- ALL County EC's should monitor the W2ABC repeater Network for details and/or further information as well as their respective local repeaters so that they may pass pertinent information on to their members as it becomes known/available.

KINGS COUNTY: WA2JNF Repeater 446.675 / -5Mhz / 114.8 PL
